Plant Safety: A Systematic Approach

(Co-sponsored by CPCA and NCPA safety committees)

Charles Piwowarski, Forterra Building Products Inc.

Don Graham, Jensen Precast

Learn the recent changes in philosophy at the NPCA on safety and the level of involvement the Association had with safety in the past and how NPCA will address safety in the future. See the safety resources and training materials NPCA has available and how to access these tools.

The presentation will also provide a health and safety foundation for managers, supervisors, department leaders or employees with health and safety responsibilities. Safety should continually be addressed to ensure plant personnel are up to speed on the newest safety information. The content is based in safety best practices rather than government regulations.

Donald Graham, MS is an OSHA authorized trainer for the 10 and 30 hour courses in construction and general industry. With over 20 years of experience, in heavy manufacturing, construction, warehousing, instructional system development and training application and is the Director of Safety for Jensen Enterprises.

Charles Piwowarski has 21 years of experience in Environmental Management and Consulting. This experience includes the permitting, compliance, training, risk assessment, remediation, reporting, field work, and negotiations for CWA; CAA; NPDES; EPCRA; NSPS; EPCRA; CERCLA; RCRA; SPCC; SWPPP; TSCA, Contamination Assessment and Remediation; Emergency Response; and Due Diligence at local, state and federal levels.

FRIDAY PRESENTATIONS

How Does the Prevailing Law Pertain to the Precast Concrete Industry?

Join Carrie for an overview of the prevailing wage law as it pertains to the precast concrete industry in California, including public works contractor registration requirements, electronic certified payroll reporting requirements and newly expanded coverage of the hauling and delivery of ready-mixed concrete. Carrie will also highlight other new employment laws of interest to California employers, including the Fair Pay Act and new restrictions on the use of E-Verify.

Carrie E. Bushman is a partner in the Sacramento office of Cook Brown LLP. Her practice includes traditional labor law, labor arbitrations, wage and hour law, prevailing wage and apprenticeship law, wrongful termination, sexual harassment prevention training, and other employment discrimination matters.
